

3 doors down - Here By Me

Intro G C

G C G C
 I hope you're doin' fine out there without me
 Am C G C
 'Cause I'm not doin' so good without you
 G C G C
 The things I thought you'd never know about me
 Am C G C
 Were the things I guess you always understood

Am C
 So how could I have been so blind for all these years
 Am C
 Guess I only see the truth through all this fear
 Am
 Of living without you

G Bm
 And everything I have in this world
 C Am
 And all that I'll ever be
 C Am
 It could all fall down around me
 C G
 Just as long as I have you right here by me

G C G C
 I can't take another day without you
 Am C G C
 'Cause baby, I could never make it on my own
 G C G C
 I've been waiting so long just to hold you
 Am C G C
 And to be back in your arms where I belong

Am C
 Sorry I can't always find the words to say
 Am C
 Everything I have ever known gets swept away
 Am
 Inside of your love

REPEAT CHORUS

Em C
 As the days roll on I see
 Em C
 Time is standing still for me
 Am
 When you're not here

Am C
 Sorry I can't always find the words to say

Am C
Everything I've ever known gets swept away
Am
Inside of your love

REPEAT CHORUS
