 We'll follow forever where our hearts wanna go

 Maybe we'll live somewhere where nobody knows our names

 Then things might change for the good

 I can't tell you how long we'll be gone
 Cm G# D# G# A#
 But as long as we're together then forever's never too long
 Too long, oh no

Do you ever think about not comin' back
 Hoppin' on a train and we'll burn up the tracks
 We'll jump off somewhere that we don't know how to say
 Maybe hitch a ride from someone who can tell us the way
 To where these things might change for the good
