Verse:

Hm D
Rubber headed motor junky,
A F# F
Run me down and try to stomp me
Hm D A
Throw my life away, and I'll be worthless
F# F
Just like you
Hm D
Somewhere now a baby's crying,
A F# F
Down the road his mother's dying
Hm D
Shot a line and blew her mind
A F# F
And now she's turning blue

Chorus:

Hm E
Don't you throw your life away,
G A
Just wait until another day
Hm E
Don't you throw your life away,
G A
Cause baby I can feel it
Hm E
Don't you ever compromise it,
G A
Don't you even realize it
Hm E
Don't throw your life away,
G A (Hm, D, A, F#, F.) x4
Cause baby I can feel it, now

Verse:

Hm
Trip and fall,
D A
I'm sure you all can tell me
F# F
What is on the wall
Hm D
behind the liquor store
A F# F
Where you get smacked up all the time
Hm D

Perfect little life you wasted,
A F# F
Overdosed and that death you tasted
Hm D
Scared you back into yourself,
A F# F
and now You walk the line

Chorus:

Hm E
Don't you throw your life away,
G A
Just wait until another day
Hm E
Don't you throw your life away,
G A
Cause baby I can feel it
Hm E
Don't you ever compromise it,
G A
Don't you even realize it
Hm E
Don't throw your life away,
G A Hm.
Cause baby I can feel it, now
