Verse:

```

                Em      G      Am      C
She said life's a lot to think about sometimes
                Em      G      Am      C
When you're living in between the lines
                Em      G      Am      C
      G      Am
And all the stars they sparkle and shine every - day

                Em      G      Am      C
He said life's so hard to move in sometimes
                Em      G      Am      C
When it feels like I'm towin' the line
                Em      G      Am C
      C
And no one even cares to ask me why I feel this way

```

Chorus No. 1:

```

C (X2)                Em      G
I know you feel helpless now
                Am      C      Em      G      Am      C
and I know you feel alone
                Em      G
That's the same road,
                Am      C      Em      G      Am
the same road that I am on, yeah

```

Verse (Same as first):

He said life's a lot to think about sometimes
 When you keep it all between the lines
 Of everything I want and I want to find, one of these days

Chorus No. 2:

What you thought was real in life
 somehow steered you wrong
 Now you just keep drivin' tryin' to find out
 Where you belong

I know you feel helpless now
 and I know you feel alone
 That's the same road,
 that same road that I am on

Solo (Same chords as chorus)
