 Subject: TAB: Birthday - The Beatles

This was from the Beatles' double album that showed that after Sgt Peppers and Magical Mystery Tour and the meditation in India, that they could still play rock `n' roll. A lot of the songs on the white album were written in India and recorded with only about 2 of the Beatles present. This song is an example of that with a catchy riff to go with it.

Birthday - The Beatles  
 (The Beatles - although we call it the 'White Album' - 1968)

Arr. Mende Joveski (lyrics taken from Book: "The Beatles illustrated lyrics")
