As you may have guessed, this is just a blues song so I won't bother with the main body of the song - it's just A D and E.

It does have a nice little intro on acoustic though :

I think you need a capo for this one - on the 3rd or 4th fret.

```

E-----2--2-2--2-----

Then into :

A D A  
D A  
E D A E7
