My name is Stuart Watson, and yesterday I sent you a tabbed version of Octopus's Garden, but something went wrong with the way I wrote it. This is the corrected version I am sending you now. Could you please use this one instead of the one I sent yesterday. If the OLGA can't use it, could you please send it to some other site that can? If you do, could you please send me an e-mail about where it is, and how I can get to it? If there are any problems, please e-mail me. Thankyou.
