Verse 1
```
Am          D           Bb            C                          G
I've got a word or two      to say about the things that you do
Am            D                 Bb
Your telling all those lies
          C                  G          Am
About the good things we can have if we close our eyes
```

Chorus
```
C7
Do what you want to do
    G
And go where your going to
Eb                        D                        G
Think for yourself 'cause I won't be there with you
```

Verse 2 (Same Chords as above)
I left you far behind, the ruins of the life that you had in mind.
And though you still can't see,
I know your minds made up, you're gonna cause more misery.

Verese 3 (Same Chords as above)
Although your minds opaque,
Try thinking more if just for your own sake.
The future still looks good,
And you've got time to rectify all the things that you should.
