

bob dylan - Knockin On Heavens Door

From: CLL9019[at]SUMMA.TAMU.EDU

Knockin' on Heavens Door
I don't know specifically how Guns 'n Roses do this tune, but Dylan simply repeats

G D C C

with the solo based in a G penatonic
some variations to fill the song out a little are
play the second half of the D measure

I have also heard the C's replaced with Am
