Bob Marley- African Herbs Man

This is the way the riff goes off a two disc value album I bought. I think it's from the way it's played on other albums but it sounds pretty cool.

Palm Muting throughout

```
E-----  
---|  
B-----0--0-----  
---|  
G-----2--0-----x--0--2--  
0--|  
D-----5--5-----2-----2--2-----  
2--|  
A-----2--5-----2-----  
---|  
E-----3-----0--3-----  
---|
```

Well that's basically it. Its played through the entire song, very cool in my opinion but cool. Listen to this song its awesome, nice lyrics.
