One cup of Coffee then I go, though I just dropped by to let you
know
D# D#7 G#
That I'm leaving you tommorrow, I cause you no more sorrow
D# A#7 D#
One cup of coffee then I go

I brought the money, like my lawyer said to do
But it won't replace the heartache that I've caused you
It won't take the place of loving you, I know
So One cup of coffee then I go

G# D#
Tell the kids I came last night and kissed them while they slept
G# A#7
Make my coffee sweet and warm, just the way you used to light my
heart

I brought the money.....(repeat verse and fade)

"Excuse me while I light my splif"
