Intro: |Am G | F x2

I feel like jumping through the keyhole in your door

I feel like jumping through the keyhole in your door

If you jump this one time baby, you won't jump no more

I feel like falling from a treetop to the ground

I feel like falling from a treetop to the ground

My rider's got a mean joker and he don't allow me around

I go there early in the morning, and I go there late at night

I go there early in the morning, and I go there late at night

Don't care how late I go there,

he never never turns out the light

I believe he's looking for me, he's up all hours of the night

I believe he's looking for me, he's up all hours of the night

She used to be my rider and he ain't treating her right

She used to be my rider and he ain't treating her right

I met this joker one morning, he was out on the edge of town

I met this joker one morning, he was out on the edge of town

I had to beg and plead just to keep him from blowing me down
