G |----0---0-----0-----0----|
D |-----|-----2-----|
A |--3-----3-----|
E |-----|
  
```

C
 I wanted so badly Somebody other than me
 Staring back at me But you were gone
 I wanted to see you walking backwards
 And get the sensation of you coming home
 I wanted to see you walking away from me
 Without the sensation of you leaving me alone

CHORUS:

```

           Dm           C (Am)           Dm           C (Am)
Time and time again    Time and time again
           Dm           C           F
Time and time again    I can't please myself
  
```

C
 I wanted the ocean to cover over me
 I wanna sink slowly without getting wet
 Maybe someday, I won't be so lonely
 And I'll walk on water every chance I get

(CHORUS)

Bb-C-F

```

F           Bb           F
So when are you coming home    Sweet angel?
           Bb           F           Dm
You leaving me alone?    All alone?
           C           Bb           (F)
  
```

Well if I'm drowning darling, you'll come down this way on your own

C
I wish I was traveling on a freeway
Beneath this graveyard western sky
I'm gonna set fire to this city
And out into the desert we're gonna ride

(CHORUS)
