SONG: HERE IS THE HOUSE -- Black Celebration

Cm D#  
 Here is the house  
 G# G  
 Where it all happens  
 Cm D#  
 Those tender moments  
 G# G  
 Under this roof  
 Cm D#  
 Body and soul come together  
 G# G  
 As we come closer together  
 G#  
 And is it happens  
 It happens here  
 Cm D# G# G  
 In this house

[Cm D# G# G]

Cm  
 And I feel your warmth  
 G#  
 And it feels like home  
 And there's someone  
 D# G Cm  
 Calling on the telephone  
 Let's stay home  
 G#  
 It's cold outside  
 D#  
 And I have so much  
 G Cm Gm  
 To confide to you

G# D#  
 With or without words  
 G#  
 I'll confide everything

Here is the house  
 Where it all happens  
 Those tender moments  
 Under this roof  
 Body and soul come together  
 As we come close together  
 And as it happens  
 It happens here  
 In this house

Cm

---

So we stay at home  
                                  G#  
And I'm by your side  
And you know  
D#                  G          Cm  
What's going on inside  
Inside my heart  
                                  G#  
Inside this house  
                                  D#  
And I just want to  
G          Cm                  Gm  
Let it out for you

G#                                  D#  
And I feel your warmth  
                                  G#  
And it feels like home  
Cm                                  D#  
And I feel your warmth  
                                  G#m  
And it feels like home

Here is the house  
Where it all happens  
Those tender moments  
Under this roof  
Body and soul come together  
As we come closer together
