

## depeche mode - Home

[G#]  
Here is a song  
From the wrong side of town  
Where I'm bound  
To the ground  
By the loneliest sound  
That pounds from within  
And is pinning me down

Here is a page  
From the emptiest stage  
A cage or the heaviest cross ever made  
A gauge of the deadliest trap ever laid

[C#]  
And I thank you  
[F] [G#]  
For bringing me here  
[A#] [C#]  
For showing me home  
[F] [G#]  
For singing these tears  
[C#] [D] [C#]  
Finally I've found  
[G#]  
That I belong here

[G#] [F#] [E] [C#][C]  
[G#] [F#] [E] [C#][C]

[G#]  
The heat and the sickliest  
Sweet smelling sheets  
That cling to the backs of my knees  
And my feet  
But I'm drowning in time  
To a desperate beat

[C#]  
And I thank you  
[F] [G#]  
For bringing me here  
[A#] [C#]  
For showing me home  
[F] [G#]  
For singing these tears  
[C#] [D] [C#]  
Finally I've found  
That I belong

[A#] [G#]

[F#] [F]  
Feels like home

---

[F#] [F] [E]  
I should have known  
From my first breath

[G#] [F#] [E] [C#][C]  
[G#] [F#] [E] [C#][C]

[G#]  
God send the only true friend  
I call mine  
Pretend that I'll make amends  
The next time  
Befriend the glorious end of the line

[C#]  
And I thank you  
[F] [G#]  
For bringing me here  
[A#] [C#]  
For showing me home  
[F] [G#]  
For singing these tears  
[C#] [D] [C#]  
Finally I've found  
[G#]  
That I belong here
