{intro}
{comment: hey sister! Are you going to play intro on guitar? :-)}
```

```
[G#m] [H]Sister of night [E]
[G#m] When the [H]hunger descends [E]
[G#m] And your [H]body's a fire [E]
[G#m] An [H]inferno that [E]never ends
[F#]An eternal flame
[D#7]That burns in desire's [D#]name
```

```
[G#m] [H]Sister of night [E]
[G#m]When the [H]longing returns [E]
[G#m]Giving [H]voice to the [E]flame
[G#m]Calling [H]you through [E]flesh that burns
[F#]Breaking down your will
[D#7]To move in for the [D#]kill
```

```
[C#m]Oh sister
[G#m]Come for me
[D#7]Embrace me
[H]Assure me
[C#m]Hey sister
[G#m]I feel it [D#]too [D#7]
[C#m]Sweet sister
[G#m]Just feel me
[D#7]I'm trembling
[H]You heal me
[C#m]Hey sister
[G#m]I feel it [D#]too [D#7]
```

```
Sister of night
In your saddest dress
As you walk through the light
You're desperate to impress
So you slide to the floor
Feeling insecure
```

```
Sister of night
With the loneliest eyes
Tell yourself it's alright
```

He'll make such a perfect prize
But the cold light of day
Will give the game away

Oh sister
Come for me
Embrace me
Assure me
Hey sister
I feel it too
Sweet sister
Just feel me
I'm trembling
You heal me
Hey sister
I feel it too
