

**eagles - All Night Long**

Kinda catchy, simple song that no one tabbed. You should probably listen to the song or may never get how it should sound.

Pet peeve of mine: People that can't play a solo but say they "just don't have time to it" when in all actuality they can't play it and had no intention of tabbing it. Annoys hell out of me. I'll just say I'm too lazy to do any more of the song because all I about was the intro.

Chords may not be exactly right but they are close enough. The (0) is an optional note that you can play if you want.
