ans0[at]aber.ac.uk (Austin Newton Shackles) writes:

Does anyone have a tab or chord sequence (pref. tab) for the
Eagles' "Seven
Bridges Road" (you know, the one that starts "there are stars in
the southern
sky...")

I don't have the tab, but it's pretty simple. It's in D, and the
only other
chords are C and G.

Intro is something like this...

D C G D
There are stars in the southern sky

And so on. Once the song starts going fast, play the D chord with
an alter-
nating bass note -- D first, and the hammering G to A on the G
string.

My guess is that you'll have no trouble from there. Good luck ...
