I figured out the main part to Clapton's "Going Down Slow" from both the Clapton and Friends Concert (from Madison Square Garden) and the "Pilgrim" album. It goes like this:

```
intro riff -----X
             -----X----
             -----X-----
             -----2---4---X-----
             -----/4-----X-----
```

\*there's a lot of pick scraping in the song so add it into the riffs to create the best sound

main riff

```
-----X---X-----
-----X---X-----
-----X---X-----5///---5///---4///-----
-----X---X-----5///---4///---3///-----
-----X---X-----
-----5---X---X-----
```

repeat this for the verses until you can hear the change in the music-  
 for that it goes like this:

```
-----
-----2-----
-----5---(4)---2-----
-----5---(4)---2-----
-----4-----
```

there it is. Hope you enjoy it. Feel free to make corrections. I'll send you the solo for the concert version later. Until then, take care.

Sincerely,  
 Mike
