

**eric clapton - Golden Ring**

Intro: G C G D Em C G

G C G  
He gave to you a golden ring;  
D Em C G  
It made you happy, it made you sing.  
G C G  
And I played for you on my guitar;  
D Em C G  
It didn't last long, we didn't go far.

Chorus:

G C G  
And though the times have changed,  
D Em  
We're rearranged.  
C G D G  
Will the ties that bind remain the same?

G C G  
You came around after a while;  
D Em C G  
Everyone said that I made you smile.  
G C G  
It all went well, and suddenly then  
D Em C G  
You heard that he would marry again.

[Chorus]

G C G  
Well I know that I have been here before;  
D Em C G  
I've trod on your wings, I've opened the door.  
G C G  
If I gave to you a golden ring  
D Em C G  
Would I make you happy, would I make you sing?

[Chorus] x2

(Also start with intro doing [Mmmmm]) x4.
