 Subject: TAB: Sinner's Prayer (Clapton)

Installment 5 of my From The Cradle tabs. This one is pretty much a piano piece, so there's not all that much here.

I've gotten pretty stuck on Reconsider Baby, so this may be it for a while...

SINNER'S PRAYER by Lowell Glenn and Lowell Fulson

RIFF

(e)	-----10-----12~~~~-&----- -----
(B)	---12---10-----&-10-- --12--
(G)	-----12-9-----&----- -----
(D)	-----&----- -----
(A)	-----&----- -----
(E)	-----&----- -----
	1 2 3 4 1

{"riff - &" means play the riff from the start until the line of ampersands}

[E] Lord have mercy, [A] Lord have mercy on me. [E]
 [E] Lord have [A] mercy, Lord have mercy on me. [E] [riff - &]
 Well if I've [B] done somebody wrong, [A] Lord, have mercy [E] if
 you
 please. [riff]

[E] I used to have plenty of money, [A] the finest clothes in town,
 [E] But bad luck and trouble overtaken me, bound to get me down.
 Please have [A] mercy, Lord have mercy on me. [E] [riff - &]
 Well if I've [B] done somebody wrong, [A] Lord, have mercy [E] if
 you
 please. [riff]

[E] [A] Keep on working now, child.
 [E] [A] Lord every morning.

Solo on [A] [E]
 [B] [A] [E]

{The solo starts out:

(e) |-----|

(B) |----8-10-11-----8-10-11-----8-10-11-|
(G) |--9-----9-----9-----|

After that, it turns into a flurry of notes, which is really hard to tab out, and I didn't find it quite compelling enough to spend all the time.}

[E] Well if I've been a bad boy, baby, [A] I declare I'll change my ways.

[E] I don't want bad luck and trouble to follow me all my days.

Please have [A] mercy, Lord have mercy on me. [E] [riff - &]

Well if I've [B] done somebody wrong, [A] Lord, have mercy [E] if you please.
