

eric clapton - Wonderful Tonight

From: ichou[at]acs2.bu.edu (Ivans Chou)

There were a few replies to me for the tab of Wonderful Tonight, so I typed it up last night, and I figured I might as well post it.

The following is MY rendition of Eric Clapton's Wonderful Tonight's guitar solos/licks as it almost is on the 24 Nights album. See my post of the chords for this song to see where these things go. Note values(durations) were not included, because I can't figure them out. I just go by feel, and I suggest people listen to the tape/cd and determine how this should sound (and make the appropriate modifications as necessary).
