Tabbed by Jeff Aldrich (ArglBargle[at]aol.com)

This song is pretty cool. I really like the wierd intro chords; they're different. All the TABs for the album are now done, I hope you enjoy them all. The intro is played on an acoustic guitar, then it turns into a heavy-distortion, power chord guitar. The beginning of the chorus is played with 2 guitars, though one guitar only plays an E chord. Please E-Mail me with any comments, suggestions, questions or criticisms about the TAB.

He floats
Floats away
On the ground
He comes back down.
