Tabbed by Jeff Aldrich (ArglBargle[at]aol.com)

This song is very simple. It's in 3/4 time, for anyone who's interested in stuff like that. The intro and verse are played on a clean soundind guitar with no distortion. Then the chorus is played with loud power chords and heavy distrortion. The last verse is played with distortion. Standard tuning, just take the parts and fit them where they belong. Please E-Mail me with comments, suggestions, questions or criticisms about the TAB. I love hearing from people, and it can really suck to post all these TABs and not get any mail about it! :)

Intro/Verse:

```
e:-----|
B:-----|
G:-----9-----9-|
D:-----10-----9-----9-----9--9-|
A:-----10-----9-----7--7-|

I'm called a cow.

G:-----9-----7--8--9-|

And I'm not about to blow it now...

Chorus:
