Good Grief

FOO FIGHTERS

=====

Tabbed by Jeff Aldrich (ArglBargle[at]aol.com)

This TAB is pretty straight-forward. The entire song is mostly barre chords, but the intro riff is pretty interesting and the odd amount of chord changes in the chorus is pretty neat. During the intro, the guitar plays its part while the bass plays B-D-F#-A underneath it.

Please feel free to write to me about the TABs because it can get kind

of frustrating to keep posting these TABs and never get any responses,

so feel free to E-Mail me anytime about the TAB.

Hello, everyone. I have enjoyed many of the transcriptions out there. They are very helpful. I used previous versions of this posting to form my own interpretation. So here it goes.

I hear this song a little flat. I basically play Jeff's (ArglBargle[at]aol.com) transcription, but one step low, making A's, B's, and E's flat and making F's natural (I took a guitar class. Doesn't it show?) I use a "Dropped-D" tuning rather than retuning to E flat. The intro goes something like this:

The intro=

Verse 1:

Since I'm putting down all of the true things around but I
like it
Handed down the crown, given the jewels and the answers of
May
The thought of being ousted comes and goes comes and
goes

Verse 2:

Run me out of town, somewhere a move might intended a gown at
Pissed at all the bowels, always the blues and a delicate
smile
Miss at all the sideways, gull and noun, gull and noun
Chills and petty band-aids, wrapped around Hate it...

Repeat Verse 1

And that's about it. It's a little different. I think it sounds cool this way, and it's easy enough for me to play while singing. You can try without the "Dropped-D" but the bridge is a lot harder. Have fun. Send comments to [madmac1013\[at\]aol.com](mailto:madmac1013[at]aol.com).
