 Bm D
 Stab at the undercover
 Bm A E F#m

G D
 It's impossible, I can't let it out
 G D
 You'll never know, am I selling you out?
 G D C C/B F D
 Sit and watch your every mood

Your eyes still remind me of
 Angels that hover above
 Eyes that can change from blind to blue

It's impossible, I can't let it out
 You'll never know, am I selling you out?
 Sit and watch your every mood

Bridge: same as beginning of intro then alternate G and D

Now that I've found my reward
 I'd throw it away long before
 I'd share a piece of mine with you

It's impossible, I can't let it out
 You'll never know, am I selling you out?
 Sit and watch your every mood
