foo fighters - My Hero

PROPS GO TO: Krille C

FOO FIGHTERS Name; My Hero Album; The colour and the shape (1997) Tabbed; Krille C (Krillec[at]hotbrev.com) I took a look on a couple of the tabs available but none of them seemed to work out 100% so i started rewriting them and meanwhile had a quick look at the video. Most people trying to make tabs tangle themselves up in stripped chords and long tablines instead of just writing out the standard chord, it's done here and then you can strip whatever you feel like from it as you see fit. Notice though that Grohl plays full chords on the rythm in the video. DRUM INTRO BASSLINE: G C# Pre Entry riff (stripped version of the verse riff) e|-------------------------
