This is a new song they first played at the Ogden Theatre in Denver in August.

It appeared in the MTV special "I'm OK-Eur OK". This is just a quick outline, and if anyone can figure out the words or the solo or how to really play this song, please tell me (slusarz[at]ucsu.colorado.edu). Well, here goes:

C - Bb - A - G - F - G# - C (x2)

The rain is here and you my dear are still my friend

 My lonely heart falls apart with you to mend
