Watershed

=====

Tabbed by Jeff Aldrich (ArglBargle[at]aol.com)

This song is another pretty much straight forward song. There are a couple things to keep in mind. First, when it gets to the bridge (I want to swim in a watershed) the song switches from 4/4 to 7/4 time; that is, a measure of 4/4 and a measure of 3/4. The bridge is right, I think, but I think there is some effect that Dave uses on riffs like those that makes a single note sound like a whole chord, which I don't think is chorus, but it might be. Please E-Mail me with comments, suggestions, questions, or criticisms about the TAB. Also, write to me about whether or not you would be interested in seeing a TAB for the entire album.

Intro/Verse:

Lyrics:

Stick it to the mailman.

Reading is a problem.
See you all suntanned,
only with the Ray Bans

Take that to the man you call the chair.
Pissing on a wet wall

Skinny yellow spit, man
Dealin' with the shit, man
Make it with my bad hand
Just another rock band

Take that to the main they call the chair.
Trouble with the contract
Hey there, boy, you been catchin' the black widow?
That's what we want you to know.

I want to swim in a watershed
I want to listen to crawdads
I lost the counter so bad
I keep on thinking I get ahead, I'm

pissin' on the disc jam
pissin' 'bout the farm hand
pissing' 'bout the Greek state
miss it and I can't wait

Take that to the man they call the chair.
Trouble with the contract
Hey, man, can you tell a solo brother?
See you were dealt sour

I want to swim in a watershed
I want to listen to crawdads
I lost the counter so bad
I keep on thinking I get ahead, I'm

pissin' on the disc jam
pissin' 'bout the farm hand
pissing' 'bout the Greek state
miss it and I can't wait

Enjoy!
