"80" by Greenday, from Kerplunk

TABBED by Neil James, <Neil.James[at]tclbbs.com>

Cool non-Dookie song that doesn't have a tab for it yet...

I haven't figured out the bassline...but if you're playing it live or something, most people haven't heard it anyway, this is about as close as I could figure it out.

```
A|---4---4---4---4---2---2---2---2---2---2---2---2---0---0---0---0-|
E|-2---2---2---2---0---0---0---0---2---2---2---2---0---0---0---0---|
```

And during the second verse, he plays some weird riff too, it's somethin like --> (Riff 1)

```
|-----|
|-----|
|--11-11-11-11-11-11-11-11-11-9-9-9-9-9-9-9-9-9-----|
|--11-11-11-11-11-11-11-11-11-9-9-9-9-9-9-9-9-9-----|
|--9-9-9-9-9-9-9-9-9-9-7-7-7-7-7-7-7-7-7-----|
|-----|
```

If someone knows this, correct me.

Other than that, I got the whole song down pat.

(Bassline only)

My mental stability reaches it's bitter end
 And all my senses are coming into bloom
 Is there any cure for this disease someone called love
 Not as long as there are girls like you

C# B C# B
 Everything she does questions my mental health

C# B C# B
 It makes me lose control I want to hurt myself

F# B C# B
 If anyone can hear me slap some sense in me

F# B C# B
 (Well you're doing alright) And I end up talking to myself

F# B C# B
