OK, so eggplant and I were wrong. I got the new Greenday CD, "Insomniac", today (Oct. 10,1995) and now have the correct lyrics. Well, we were so close! we only messed up one word! So here's the completely correct lyrics to 86!

86
By: Greenday

What brings you around
Did you lose something the last time you were here
[You'll] never find it now
It's burried deep with your identity

So stand aside and let the next one pass
Don't let that door kick you in the ass

[And] there's no return from 86
[So] don't even try

Exit out the back
And never show your head around again
Purchase your ticket
and quickly take the last train out of town

So stand aside and let the next one pass
Don't let that door kick you in the ass

[And] there's no return from 86
[So] don't even try

--bridge--

[And] there's no return from 86
[So] don't even try
