at the beginning of the intro the open D string is palmed....

Verses are the same as chorus...
 I lock myself inside my room,
 I WANNA BE ALONE
 with you around you'll only add on,
 I WANNA BE ALONE,
 just let me be alone with my thoughts,
 I WANNA BE ALONE,
 with you around you'll only add on,
 I WANNA BE ALONE

Chorus: G (355xxx) - A (577xxx) - D (x577xx) - B (x244xx)
 Please don't think I'm crazy
 I don't want you to understand,
 I mind is going hazy
 To hell with your helping hand
 Why dontcha just leave me alone
 This conflict is my own
 keep your sources away from me that's all

intro part again

***billie joe then does some harmonics on the 5th fret of the G and
 D
 strings, play around with that until you get it, has to be
 distortion
