Tab Credit at EOF

\* Half step tuning (Low to high: Eb, Ab, Db, Gb, Bb, Eb)

|                               |                            |
|-------------------------------|----------------------------|
| Intro: Guitar 1               | Guitar 2                   |
| ~~~~~                         |                            |
| G5                    C5  Bb5 |                            |
| e----- -                      | e-----  This is an         |
| over-dub                      |                            |
| B-----* -                     | B-----  after the          |
| intro riff                    |                            |
| G-----5---3--- -              | G-----  has been           |
| played once.                  |                            |
| D---5---5-----5---3--- -      | D--10//3-----  Then it     |
| starts                        |                            |
| A---5---5--x--5---3---1---* - | A--10//3-----  playing the |
| intro riff.                   |                            |
| E---36--3--x--3----- -/       | E--10//3-----              |

This little riff the is the intro riff, and is also used thought the chorus.  
If you think it sounds better, you can slide the whole power chord, instead of just sliding the G root to an A#, I don't know, play around with it and get the feel.

```

|-----|
|-----|
|-----5--3---o|
|--5---5-----5--3---o|
|--5---5-----x--5--3--1---|
|--36--3-----x--3-----|/

```

They're out to get me!

Don't worry, I will also add the solo.  
Enjoy this for now!
