**\*\*This is an updated version of my previous one\*\***  
 i'm fairly certain that this version is pretty much 100% accurate;  
 although Mike might play the bridge slightly different. (give or  
 take a note)

tuning: drop-d.  
 -starts using the volume switch with an open d chord....

bridge: that cool high crystal-like guitar note is actually a sample, brought to you by kilmore's wax collection. I'm sure it can be figured out on guitar, but he doesnt actually play it so i wont tab it.
