Title: SWEET BABY JAMES (James Taylor)  
 1970

G F# E A+ A

          D                  A          G                  F#m  
 There is a young cowboy he lives on the range.  
          Bm                  G                  D                  F#m  
 His horse and his cattle are his only companion.  
          Bm                  G                  D                  F#m  
 He works in the saddle and he sleeps in the canyon.  
          G                  D                  A                  Em          A  
 Waiting for summer, his pastures to change.  
          G                                  A                  D  
 And as the moon rises he sits by his fire.  
          Bm                  G                  D                  A  
 Thinkin' about women and glasses of beer.  
          G                                  A                  D  
 Closing his eyes as the doggies retire  
          Bm                  G                  D  
 He sings out a song which is soft but it's clear  
          Bm                  E                  A  
 As if maybe someone could hear.

          D                  G                  A          D  
 CHORUS: Goodnight you moonlight ladies.  
          Bm                  G                  D  
 Rock-a-bye sweet baby James.  
          Bm                  G                  D  
 Deep greens and blues are the colors I choose.  
                  Bm                  E                  A+          A  
 Won't you let me go down in my dreams.  
          G                  A                  D  
 And rock-a-bye sweet baby James.
