those fancy little dots at the A-string just mean to go to the 10th fret. I didn't feel like crowding a whole bunch of numbers together...

Here you go... along with this submission (this being my first) I am making a few others. I was bored I was listening to Marilyn Manson's latest album, Antichrist Superstar, I picked up my guitar, and half of the songs' music came at me like greased lightning. I am now giving you a special gift by sharing these with you... (be happy or I'll chop out your knee caps)

This is how I play Irresponsible Hate Anthem by Marilyn Manson.
From
the album Antichrist Superstar

Here's the chords anyway.

F#5 A5 B#5 C5 B#5 A5 F#5 A5 B#5 E5 F5 REPEAT

That's the intro. Then there's a cool riff where Marilyn sings

"I wasn't born with enough middle fingers"

F#5 C5 B#5 A5 B#5 A5 F#5 C5 B#5 A5 E5 F#5 C5 B#5 A5 B#5 A5 E5 F5

Finally

G-----11-12-11-12-11-12-11-12-11-12-15-12

This part is played in the quiet (!) part of the song.
