always used to play his chords bits and peices of each chord are played at a time in this song it's usually the highest three notes. Or you can follow the tab.

Although I have the tab for the song below I would like to know who wrote it. Was it Novaselic who came up with the base riff for the song or did Cobain come up with the base riff for it. Also I saw someone asking for the bass tab to it a long while back. I'm no bassist but I took the root notes from the chords and it seems to do the job fine.

Once again, I highly suggest finding you're own picking rythem for this song. It is slow but I still may have not tabbed it correctley.

Chorus

He might use single picking on such parts as the F but I couldn't really tell on my unclear tape.

Verses:

He's there in case I want it.
 He's scared cause I won.
 He's there in case I want it all.
 He's scared cause I won.

Chorus:

On the wall the clock is slow. (or "all in all the clock is slow")
 Six color(ed) pictures (all) in a row.
 Of a marigold.
